# ABOUT US

We connect anglers with successful angling adventures, by equipping them with products that are proven and productive.

Founded in 2017, Tackle HD launched the Hi-Def Craw; the first original representation of an artificial craw, so detailed, it even fooled other living craws. Years later, our team continues to be driven by a vision to fuel our brand with more exciting products thru expansion in key categories.

This year we launched an endeavor to fulfill Tackle HD's mission to become less dependent on imported products and third-party producers, and more self-reliant on our own capabilities in the USA. As of 2022, 90% of our products are manufactured in the USA in our facility, with our equipment and machinery, and assembled with American labor that we are proud to call our Team.

The Tackle HD Team is also excited to introduce our strategic partnership with Trophy Bass Company. Trophy Bass products are also made in the USA in the same facility as Tackle HD products in St. Clair, Missouri. Trophy Bass products are tournament winning products designed by Casey Scanlon, MLF Big5 Angler and FLW Tournament Champion. Casey's products are proven winners, and we strive to connect anglers nationwide with his great designs.

*The team at Tackle HD hopes you enjoy your time on the water.*

# HI-DEF CRAW

The Hi-Def Craw is the most realistic crawfish imitation to hit the market. But it couldn't just look the part.... it had to act the part! This bait began as a 3D scan of an actual crawfish and was tweaked to make it functional while never losing its high-definition detail. The lifelike movement of the Hi-Def Craw combined with its anatomically correct detail is what truly sets it apart.

## HD SWIMMERS

The Swimmer uses the same proprietary plastic formulation used in the Hi-Def Craw that creates neutral buoyancy and tremendous durability. The Tackle HD Swimmer's design was based on input from our professional staff who outlined the features necessary to produce not only an effective and unique product, but a bait that generates a steady HD swim action proven to trigger strikes when conditions are difficult.

# T-CRAW

The Tackle HD 4.25" T-Craw is one of the most active trailers on the market. These craws have a larger presentation which is perfect for attracting monster bass. The pincers produce a realistic and active movement that draws more attention to this trailer. The T-Craw can be run on a Texas Rig, Carolina Rig, Shakey Head, or used as a jig trailer. When you need a bait to produce a lot of action, the T-Craw is the bait for you.

# TEXAS CRAW BEAVER

The body of the Tackle HD Texas Craw Beaver features forward facing ribs that create pressure waves which let bass know something is invading their territory. The centerline is recessed for better hook penetration, but the 'nose' of the lure is thick for increased durability. The long, flat, beaver tail is split so you have a twin tail presentation. The Tackle HD Texas Craw Beaver also has an additional set of appendages above the beaver tail for additional action. This bait can be rigged on a Texas Rig, Carolina Rig, Shakey Head, or used as a jig trailer.

## LEECH

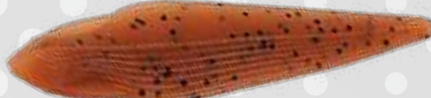

The new Tackle HD Leech is extremely sleek and slithery, just like the real thing, without the hassle of trying to rig one. Rig it or jig it—this small, versatile critter is crafted to be the most lifelike leech on the market. Measuring only 3 inches long our leech is a smaller profile and closer to a realistic size that screams “FOOD” to all fish!

# WARRIOR NED CRAW & WARRIOR CRAW

Our unique design features a super-soft plastic with ribs along the body, creating an exceptionally-natural feel once it finds its way into the mouth of a Bass – providing those extra crucial seconds for hookset. Two claws produce a unique alternating action for a series of vibrations and visual allure – truly a double whammy effect. Texas-Rig it, add as a trailer to a Football or Flipping Jig, or use it to punch through heavy cover. Our Pro-Staff anglers report great results using a Warrior Craw as a Swimming Jig trailer.

# WARRIOR QUIVER BUG

The Quiver Bug is Warrior Baits' version of the Beaver-style soft plastic used to mimic a craw. Once you witness the "quivering" action of the legs you'll understand why this bug catches so many fish. Most of the action isn't initiated by the angler - it's generated by the faintest of currents in the water. A ribbed body with a sunken center line offers the fish a natural feel while providing the angler with a great guide for re-setting the hook. This is a "beefy" bait due to its thickness, but it's still soft enough to trick a hungry or curious bass. The unique underwater profile is also more easily identified by any nearby bass.

## CRANK-HEAD

There's nothing sneaky about the way these Tackle HD Crank-Heads catch fish! The Tackle HD Crank-Head is designed to always run true right out of the box. Tackle HD Crank-Head just screams for attention, with an extra-wide wobble and a loud rattle that really brings the strikes home! Great for trolling for large crappies, walleye and whites, or casting for aggressive bass. Runs at a depth of 9'-14'. Our Crank-Head is offered in a 2-pack pro pack, which is a value in the market today.

## FIDDLE-STYX JERKBAIT - 2 Pack

Introducing the Tackle HD Fiddle-Styx jerkbaits! The Fiddle-Styx produce a wide side to side action that mimics a wounded or dying bait fish. Our jerkbaits were tested in 50-degree water to attain neutral buoyancy, which is the prime water temperature for jerkbait season. Colder water will result in a slow fall whereas warmer water will result in a slow rise in the water column. The Fiddle-Styxs have a unique weight transfer system that keeps the nose pointed down when in the water and tail weighted for increased casting distances. Our jerkbaits are equipped with super sharp and sticky hooks for better hook up ratios. Also, our jerkbaits are offered in a 2-pack pro pack, which is something that is not offered on the market today.

The "Worldwide Buzzer" is a unique buzz bait designed with Topwater Guru, James "Worldwide" Watson. It was created to be the most versatile buzz bait ever produced. The key features start with the head design. The acoustic channel lets the blade bounce off the head, creating a unique sound that triggers fish to bite. Moving down the bait, we have a large skirt keeper, a lead bait keeper followed up with a wire bait keeper. All of this is mounted on a Victory Hook and Pro Series skirt. This versatile Buzzer can be fished right out of the box but excels with a swimbait trailer, toad, or your favorite soft plastic.

# SWIM JIG

The Trophy Bass Company Swim Jig is one of the best swim jigs on the market. The head shape makes this swim jig run straight without the worry of it rolling over. The head also allows this swim jig to run through grass better than any other on the market. A wire bait keeper to help keep your trailer on.

- Designed by Casey Scanlon, the heavy-duty Trophy Swim Jig is like no other on the market. Fish it in heavy cover to catch your Trophy Bass.
- FLW professional and Lake of the Ozark guide Casey Scanlon won the 2019 FLW event and \$100,000 on Cayuga Lake, New York with the Trophy Bass Company swim jig.
